

# *“There is Nothing Like a Mother’s Love”*

by Pastor Rody Hamen

A mother’s love is not that easy to  
define,  
Trying to explain it can be quite  
boggling to one’s mind.  
For a mother is such a masterpiece,  
One of our Master Craftsman’s finest  
works of art,  
And through the years she has  
definitely acquired a very special  
place in our heart.

Her gifts and talents she so freely  
shares and her wisdom is beyond  
our comprehension.  
And the countless things she has done  
for us are all too numerous to  
mention.  
When striving to meet our highest  
goals she supports us in her own  
loving way,  
And sometimes has to chuckle to  
herself when she hears the things  
that we say.

She is one of our greatest sources of  
joy for one smile from her can wipe  
away every tear.  
There is nothing like a mother’s love to  
calm all our doubts and fears.  
She is such a delightful combination of  
so many wonderful things.  
Words cannot begin to express the  
comfort that a mother’s love brings.

She is never too busy to listen and  
always more than willing to give.  
A mother’s love is an intricate part of  
our lives every day that we live.  
She never gives in and she never  
gives up under pressure,  
She just keeps on going and giving.

She has a wonderful attitude and  
makes a positive impact on the way  
we are living.

She is very slow to anger, very quick  
to give praise,  
And no one could ever begin to take  
her place.  
What a ray of sunshine just to see the  
smile on her face.  
Day and night her arms are wide open  
and we welcome her warm embrace,  
For she definitely is a source of  
strength when dealing with the  
challenges we face.

A mother’s love is so unconditional.  
She truly is a blessing.  
One of our Master Craftsman’s  
greatest gifts from above,  
And there is nothing in this whole wide  
world that can compare with a  
mother’s love.
